

# Campos de Sueños AUGUST 2023

Last month, Paige's mom, Patricia Harding went to be with the Lord. We will miss her dearly and will cherish the spiritual inheritance that she left for us! She was a Godly woman and loved Jesus with all her heart! Even to the very end, she brought the whole family together and reminded us of what's really important in life.

Before leaving for the funeral, I had received so many special birthday notes and cards from the children that I had to bring them with me so that I could read them all there. They were such a blessing!

It's good to be back in Guatemala where God has called us. In addition to what the Lord is doing with the children, youth and men, we are thankful for the Couple's Bible study that was started in July. It's exciting to see the Lord shining His love and joy into so many marriages! Please keep them in your prayers and thank you so much for your love, prayers and generous support! We love you and appreciate you very much!

With much love and appreciation from the Mino family and the CDS Team!
